MIXER

Your dealer

DESCRIPTION

The MX is a **paddle** mixer with specific angular paddle for a high-quality and highly **homogeneous TMR**.

The **unique paddle design** allows you to efficiently mix your recipe while **preserving the fibers**.

Available in several models from **170 to 795 cu.ft.** (4.8 to 22.5 m³), it adapts to your needs!

Its reliability is due to a **simple** though efficient mechanics: and a design aiming at wear resistance for a greater lifespan:

- one chain,
- a sturdy planetary
- two bearings
- oil sump lubrication
- UHMW tub liner with stainless steel fasteners

Very energy efficient, it is a machine that has proven itself for more than 20 years!

DETAILS

PLANETARY AND MOTORIZATION

SIMPLE MECHANICS

TUB - PADDLE & LINER

TECHNICAL SPECIFICATIONS

CAPACITY Tub from 170 to 795 ft³ (4,8 to 22.5 m³)

MOTORIZATION 5 to 10 HP motorization, depending on the model, 240 V, 380V ou 600 V

INCLUSION DIGI-STAR EZ2500V scale, scale support and arm, loadcells and rubber on all paddle

AVAILABLE OPTIONS

- Electric actuator
- Discharge with magnet
- Reverse discharge
- Knives
