MIXER

Your dealer

DESCRIPTION

The MX is a **paddle** mixer with specific angular paddle for a high-quality and highly **homogeneous TMR**.

The **unique paddle design** allows you to efficiently mix your recipe while **preserving the fibers**.

Available in several models from **170 to 795 cu.ft.** (4.8 to 22.5 m³), it adapts to your needs!

Its reliability is due to a **simple** though efficient mechanics: and a design aiming at wear resistance for a greater lifespan:

- one chain,
- a sturdy planetary
- two bearings
- oil sump lubrication
- UHMW tub liner with stainless steel fasteners

Very energy efficient, it is a machine that has proven itself for more than 20 years!

TECHNICAL SPECIFICATIONS

CAPACITY	Tub from 170 to 795 ft ³ (4,8 to 22.5 m ³)
MOTORIZATION	5 to 10 HP motorization, depending on the model, 240 V, 380V ou 600 V
INCLUSION	DIGI-STAR EZ2500V scale, scale support and arm, loadcells and rubber on all paddle
AVAILABLE OPTIONS	<ul style="list-style-type: none"> ■ Electric actuator ■ Discharge with magnet ■ Reverse discharge ■ Knives
